

Rules for carriers and suppliers when entering our construction sites or facilities

Construction sites require safety helmets.

At all locations, a safety helmet must be worn when working at heights and when loading or unloading **with lifting equipment at all times.**

Wearing safety shoes is essential at construction sites and company premises.

High-visibility clothing required—wear a yellow or orange safety vest at minimum.

Report any incidents or issues:

Important Safety Information!

Loading & Unloading:

- Always activate the hazard lights or rotating beacon during loading and unloading activities.

Status:

- Damaged PPE is not allowed

Bring your own PPE:

- Suppliers and carriers are required to bring their own PPE.

No exceptions:

- PPE must be worn at all times, even during short visits.
